EXPERIENCE

[Tulip Interfaces](#) / no-code MES app builder (USA, Hungary)
Full-Stack Engineer [TypeScript, Golang, React, Mongo]

AUG 2023 - NOW

Part of a team responsible for no-code integrations, supporting multiple protocols and authentication flows. Actively participated in and owned medium-scale projects targeting new functionality, ease of use, performance, and data model maintainability. As a senior member, often made system architectural decisions, represented the team in organization-wide technical discussions, participated in the hiring process, and mentored team members.

[Maverick Derivatives](#) / trading company (Netherlands)
Backend Engineer [C++]

MAY 2021 - JAN 2023

Built and maintained a trading server managing 200k instruments, responsible for 30% of all company trades in the domain. Learned what true ownership means and how to handle stress well.

[aiMotive](#) / self-driving startup (Hungary)
Software Engineer [C, C++]

JUL 2017 - APR 2021

Built an SDK for performant matrix operations, created a media library recording 100+ GB of videos every day. Refactored the software-to-car interface and added support for 4 car platforms.

(For the full list of experiences, please visit [LinkedIn](#))

EDUCATION

Budapest University of Technology and Economics

Electrical Engineering

Master's Degree (summa cum laude)

SEP 2014 - JAN 2021

SIDE PROJECTS

[Babocar](#) [C++, Node.js, React]

Complete hardware, software, and monitoring web application for a self-driving model car. It holds the all-time [lap record](#) at the RobonAUT autonomous car race.

TECHNOLOGIES

TypeScript, C/C++, Node.js, React, Golang

Jest, Playwright, Cypress

MongoDB, PostgreSQL, Redis

Microservices, APIs, Google Protobuf

Docker, Kubernetes, AWS

GitHub Actions, Ansible

GitHub Copilot, Cline

SKILLS

Enthusiastic proactiveness

Autonomy and ownership

Critical thinking and problem solving

Strong work ethic and dependability

Quick understanding of new concepts

Effective communication

LANGUAGES

English (proficient)

Hungarian (native)

HOBBIES

I prefer active ways to spend time - mostly bouldering and ice hockey. I'm also an enthusiastic DIY woodworker.

Lately, my main free-time activity is chasing after my one-year-old son, he's quite fast :)
